

HRVATSKI ŠUMARSKI INSTITUT  
CROATIAN FOREST RESEARCH INSTITUTE

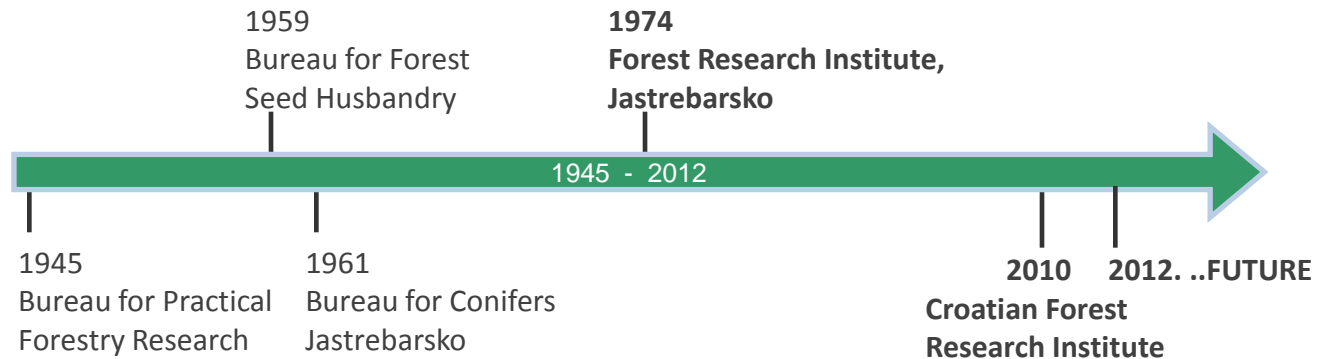

**Dijana Vuletić**

---

# **Croatian Forest Research Institute CFRI**

# History

## Mission

- Biotechnical scientific research in forestry
- National scientific programs implementation
- Cooperation with other scientific and university institutions and sectoral stakeholders
- Sustainable management promotion and protection of forest resources

## Vision

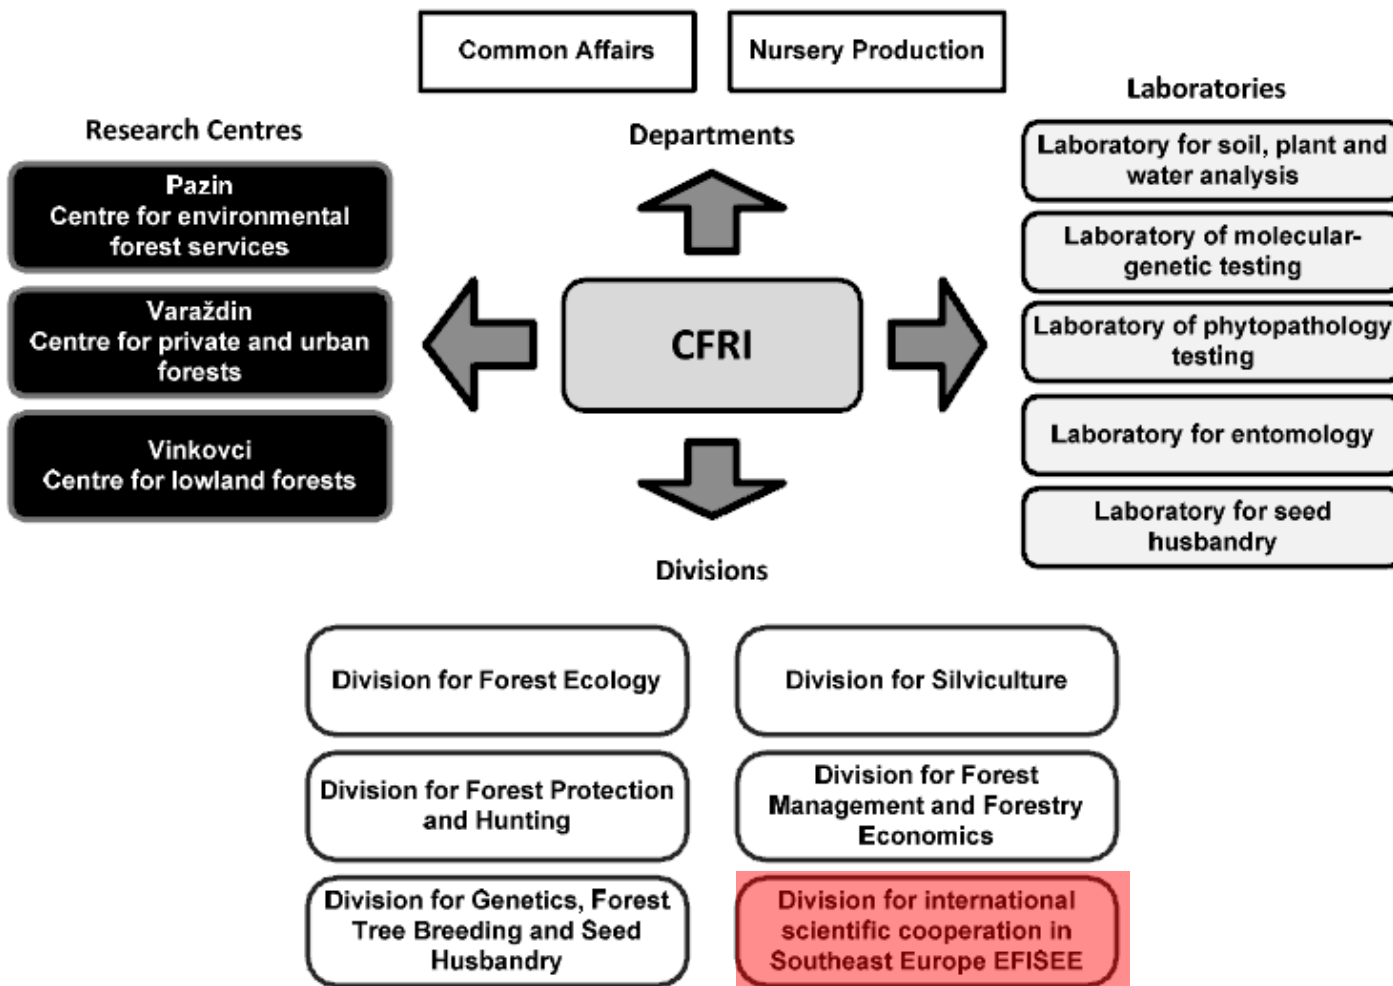

- Affirming CFRI's position in forestry research on national level
- Implementation of the top-quality scientific research, focus on excellence
- Ensuring the flow of *know-how* into economy
- Raising awareness on the role of forests

→ aligned with EUROPE 2020 goals

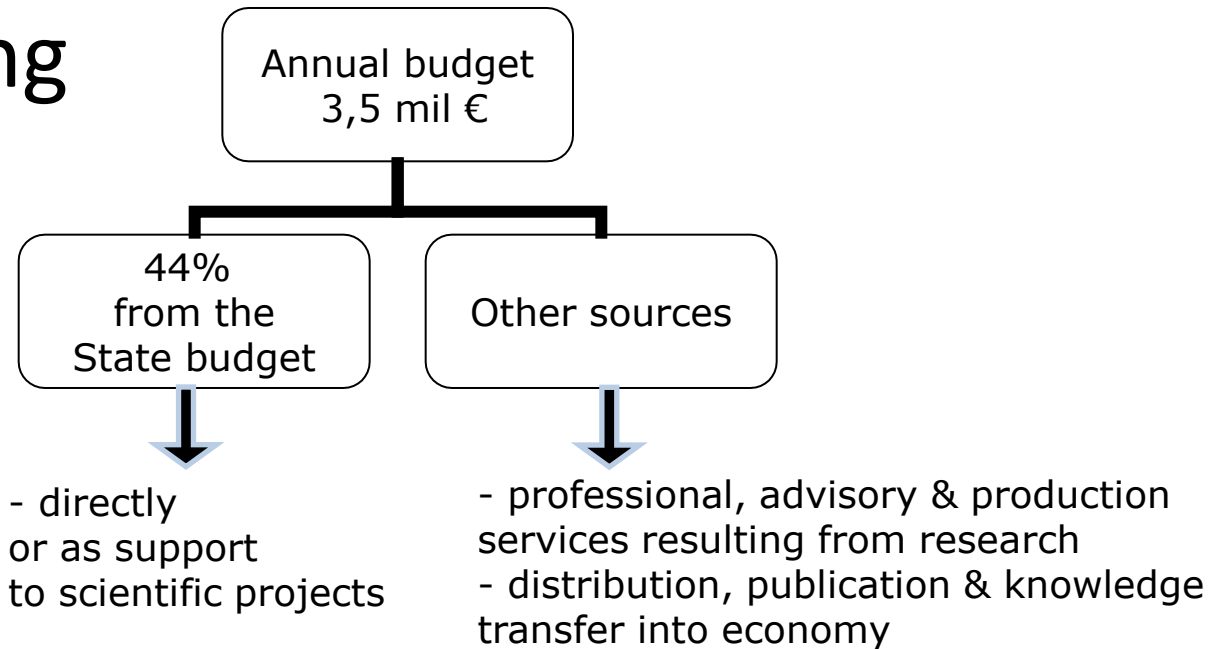

# CFRI Organization scheme

# Financing

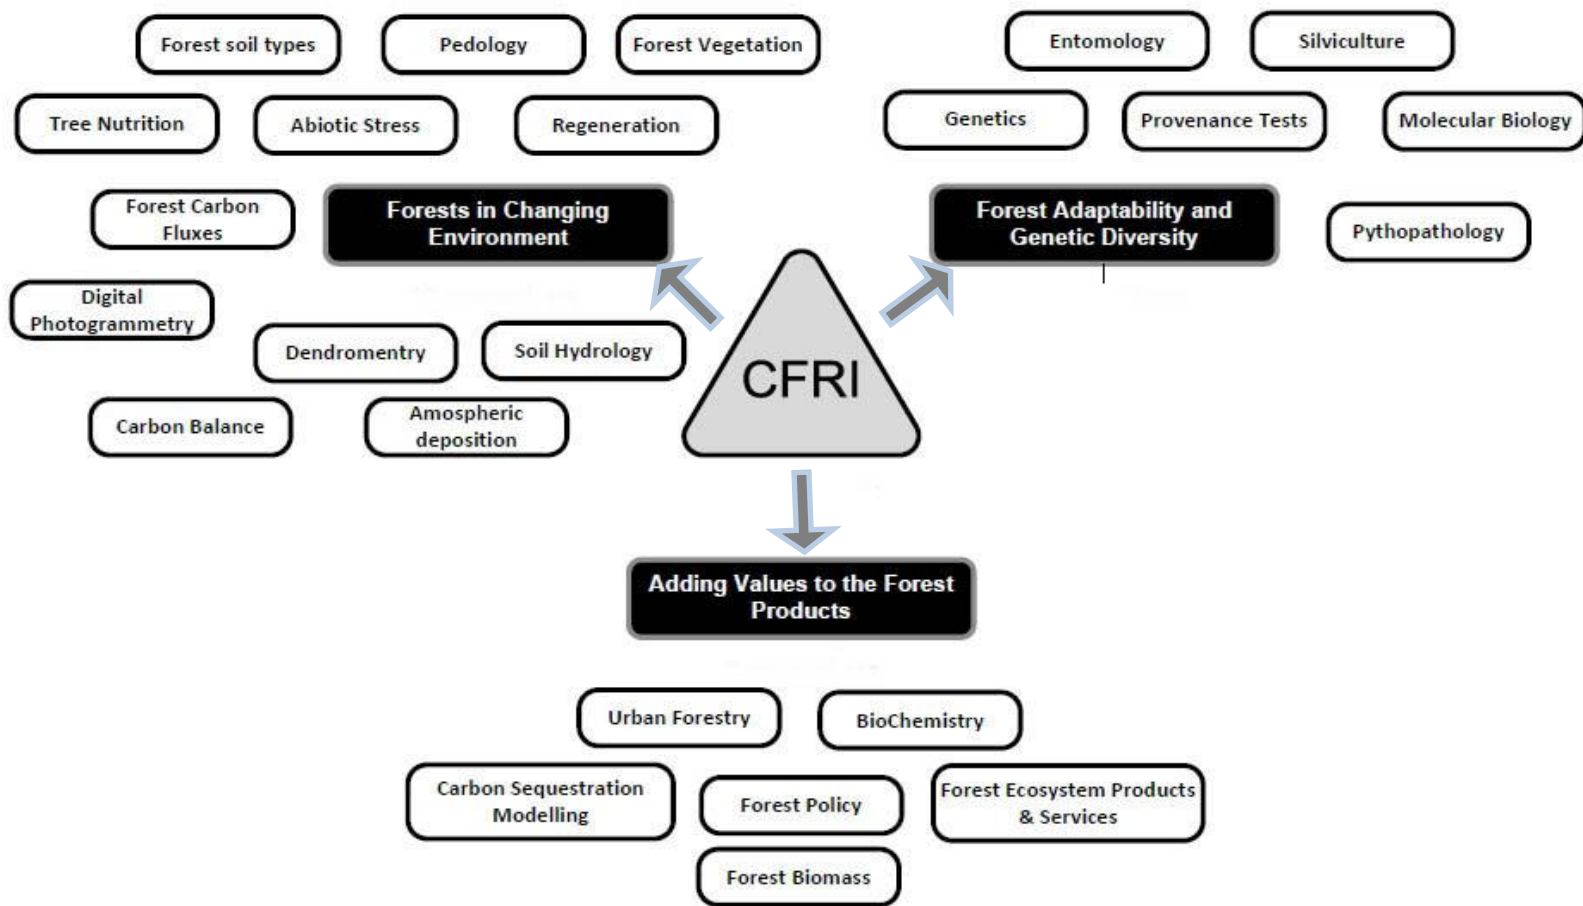

## Personnel

- Total: 88 employees (55%♀ : 45%♂); research staff (50%♀ : 50%♂)
  - profile: 24 PhD, 2Msc, 19 Bsc & other University degrees, other (technical and administrative staff)
- Young & motivated researchers with experience in EU projects
- Leadership in forest ecosystem research

# Interdisciplinary approach to forest-based research (programme)

# Visibility & International

- CFRI - national coordinating centre for the UN ECE the ICP FORESTS
- Laboratory for physically-chemical analysis - HRN EN ISO/IEC 17025:2006
- Diagnostic and Prognostic Service in forestry
- Memberships: IUFRO, EFI, EUFORGEN, EUFGIS
- COST Actions
- SEE-ERA.net program
- FOPER I and II
- INTERREG III B CADSES
- FP7 - ROK-FOR (2010- 2013)
- IPA Adriatic – AMF (2012-2015) – Leading partner
- Over 500 (577\*) published scientific articles, whereas 40 CC or SCI cited
- Scientific journals *Radovi* and *SEEFOR*

# Visibility & International

- Collaborations:
  - EFI members and network
  - National research institutions Forestry Faculty University of Zagreb
  - Institute for Adriatic cultures and karst amelioration Split
  - OIKON Institute for applied ecology
  - South-East European regional partners and network... etc
  
- Conferences organized:
  - *Role and Significance of Forest Seeds in Forest Regeneration*, 2009
  - *FAGUS 2010 – Is there future for beech?*, 2010
  - *RoK-FOR conference Forest Biomass for a Renewable Energy*, 2011,
  - *Forest for cities, forest for people*, 2012

# THANK YOU & WELCOME!
